## Introduction

The Indian Pharmaceuticals Market is the third largest in terms of volume and thirteenth largest in terms of value. Branded generics dominate the pharmaceuticals market, constituting nearly 70 to 80 % of the market. India is the largest provider of generic drugs globally with the Indian generics accounting for 20% of global exports in terms of volume. Of late, consolidation has become an important characteristic of the Indian pharmaceutical market as the industry is highly fragmented.

India enjoys an important position in the global pharmaceuticals sector. The country also has a large pool of scientists and engineers who have the potential to steer the industry ahead to an even higher level. Presently over 80% of the anti retro viral drugs used globally to combat AIDS (Acquired Immuno Deficiency Syndrome) are supplied by Indian pharmaceutical firms.

**Naman Pharma Drugs** is a fast-growing Pharmaceutical Distribution Company, managed by experienced Professional Experts and supported by world class systems and processes. The Company holds expertise in the field of supplying a quality assured range of Pharmaceutical Products. Furthermore, Utilization of the new and improved technology for the betterment of product and the supply chain system, it also provides our patrons with reliable value-added Distribution Services at the need of the clients. The export today is fetching descent returns, if carried out with right product mix and strategy. Naman Global Impex has got an opportunity of export to Worldwide.

The Company holds expertise in the field of supplying a quality assured range of Ethical Drugs, Generic Drugs, Specialty Medicines Indian & Imported. Our range of products is sources from reputed Companies, who hold vast industry experience. Still once again we reiterate that the service level provided to you will be to the utmost satisfaction of the customer.

The company has world class cold chain facility and Packaging System, which ensures that products are maintained under appropriate environment. **All the distribution setups are compliant with international WHO GSDP (Good Storage & Distribution Practices) standards.**

Over the period of time, as the global regulations have undergone a change and International companies of Registration etc. Have become mandatory, We have tied up with various WHO-GMP manufacturing units to get own product manufactured and started the process of registering our own/clients brands.

Naman Pharma Drugs is a comprehensive Pharmaceutical, Generic, Specialty Medicine Distributors. We deliver a full and steady line of pharmaceutical products quickly and accurately.
